

## “Give me a child in his infancy and I will give you the man”

- Summer 2017, we kick off a new program designed especially for campers between the ages of 13 and 14 years.
- Why was Gaia Teens created? Because once our children enter their teens, we look for something more to offer them.
- What more? Development of the talents and abilities they will need in the 21st century.

The result is a 15-day course in which teens can participate in Gaia Camp life as well as participate in a unique experience in their own independent group. The Gaia Teens program includes 18 different sports combined with other daily activities designed to further their growth in areas as important as personal values, social and communication skills, charitable activities and entrepreneurship. It will be a unique experience that they won't forget and one that will be of great value to them in the future.
